4. Presentations

4.1 Ingrid Janssen, Volunteer, Little Forests Durham

Re: Little Forests Durham Program

Ingrid Janssen provided a presentation regarding the Little Forests Durham Program. Highlights of the presentation included:

- information about the Little Forests Durham Program;
- the average size of a little forest, also known as a mini forest, and the steps taken to prepare the area for planting;
- details about the diversity of vegetation planted in a mini forest;
- a summary of the research and methodology of planting mini forests; and,
- the program's goals for 2025 including raising community awareness, participating in community events, working with community partners, and increasing the number of team members and volunteers.

A question and answer period ensued regarding:

- the criteria for selecting tree and shrub species for mini forests;
- whether pioneer species are considered suitable for mini forests;
- the categorization of weeds;
- the criteria for selecting planting sites;
- outreach opportunities to increase municipal awareness of the program;
- approximate expenditures to plant a mini forest;
- whether Little Forests Durham would register as a charity;
- collaborating with local schools to continue research into mini forests; and,
- details about the benefits of mini forests in urban spaces.

Recommendation:

Moved by Bob Willard

That the Whitby Sustainability Advisory Committee requests that Council direct Staff to collaborate in 2025 with Little Forests Durham and the

Whitby Sustainability Advisory Committee to select potential sites on Town property for the establishment of a mini forest.

Carried
