

Attachment #4 Proponent's Proposed Landscape Plan

LEGEND

- GENERAL NOTES**
1. Do not scale the drawings. All dimensions are in millimeters unless noted otherwise.
 2. This drawing is to be used in conjunction with the overall master plan and engineering drawings prepared by the proponent.
 3. The contractor shall check and verify all existing and proposed grading and conditions prior to commencing work.
 4. The contractor is to be aware of all existing and proposed services and utilities, including but not limited to, water, sewer, gas, and electrical, and to coordinate with the relevant utility providers for any necessary adjustments to existing conditions prior to commencing work.
 5. Installation drawings shall be prepared and approved by the proponent.
 6. Final quantities indicated on the plan supersede the quantities from the plan. In the event of any discrepancy, the quantities from the plan shall prevail.
 7. Final quantities shall be submitted to the proponent for approval.
 8. Final quantities shall be submitted to the proponent for approval.
 9. Contractor to make good any and all damages outside of the construction zone at the end of each work day.
 10. This drawing is Copyrighted March 2023.
